

# Our Communication

## Phone Communication

Our Core Teachers make contact with students' parents. Teachers may contact parents twice a year for an informal update call, to discuss your son or daughters school performance. Two formal teacher interviews are scheduled in the school calendar. We believe that communication is the key to effective learning.

## Parent Communication

Parents are very welcome at the school at any time of the year. We encourage parents to discuss the progress of their son or daughter with their core teacher. You can make an appointment with the teacher or the teaching team. We welcome enquiries and are happy to discuss any concerns you may have. Informal contact is made early in the school year via core teacher phone calls.

## Facebook and Website

Regular updates about what is happening at Smithton High can be accessed through our Facebook page and the school website.
